Nizam Of Hyderabad Surrenders To Indians

Orders Cease Fire After 109 Hour War

New Delhi, Sept. 17—(AP)—The princely state of Hyderabad yielded to India today, and the hereditary Nizam ordered his people to adjust themselves to a "new mode" of Democratic life.

The state's Moslem ruler, reportedly the richest man in the world, ordered a cease-fire effective at 5 p.m. (5:30 a.m. Central Standard Time), after 109 hours of fighting. Indian troops, pressing in from all sides, had approached to within less than 50 miles from his capital.

He was the last of 562 princes to give in to Hindu Indian or Moslem Pakistan, the two dominions created by the partitioning of old British India a year ago.

The 62-year-old Nizam, Gen. Sir Mir Osman Ali Khan, accepted the resignation of his government and agreed to the demands put forward by New Delhi when Indian troops swept over the borders of the hemmed-in state at 4 a.m. Monday.

Besides ordering the cease-fire, he outlawed the Razakars, fanatical bands of Moslem volunteers, and agreed to stationing of Indian troops in Hyderabad.

He also ordered his delegation to the United Nations in Paris to withdraw the case against India as "I want to begin a new chapter of friendship with India." The Security Council had agreed only yesterday to take up the case on Monday. Action is full surrender.

The Indian government awaited official transcripts of broadcasts by the Nizam and his premier, Mir Lalk Ali, before accepting the cease-fire. Madras dispatches said the Nizam's action was considered a full surrender. All fighting was believed to have halted.

The Nizam advised New Delhi that he would form a new government tomorrow. Political observers here said the new regime would have to be approved by the Indian government.

It was considered possible that Prime Minister Nehru would demand that the Nizam personally come to New Delhi for negotiations. In the past the Nizam has refused to leave his state for the talks and instead sent various ministers.

Unofficial reports reaching here said advance sections of Indian troops already may have marched into Hyderabad City, the capital, and Secunderabad, a nearby military cantonment, without opposition. India had declared at the outset that she was marching into the princely state to put down anarchy.

Air Force Misses Cue, Drops Bombs On Infantrymen

Elgin Field, Fla., Sept. 17—(AP)—Air Force officers tried today to determine how live bombs from high-flying B-29's missed their mark and plummeted into maneuvering troops, killing five and injuring 29. The mishap occurred yesterday while army infantrymen were engaged in fire power rehearsal.

Seven bombers, flying at 10,000 feet, loosed 69 bombs weighing 500 pounds each. Some of the missiles exploded around and among the troops.

All of the dead and all but one of the injured were Negroes. The other was a white captain.

Four of the victims died early today. The body of a fifth was found buried in a crater dug in the bomb range by one of the explosives.

Shrapnel and concussion were responsible for most of the casualties.

"The troops were in the right place but the bombs weren't," said a public information officer.

Illinois Civil War Veteran Dies

Robinson, Ill., Sept. 17—(AP)—102-year-old Derritt H. Chapman died today at his Annapolis home 20 miles southwest of here.

Chapman joined the union army at 16, serving with Company K of the Illinois 54th Infantry. He served four years, including a period in which he was a southern prisoner.

Always a Republican, he voted straight GOP tickets at every election, including the primary last April. Services will be Sunday, with the Robinson American Legion Post in charge.

Americans Fly Coal To Blockaded Berlin

Berlin, Sept. 17—(AP)—The Americans "bombed" Berlin with coal today.

Lt. Gen. Curtis LeMay, commander of the American air force in Europe, directed every plane in the air lift to carry coal and promised that 4,000 to 5,000 tons of the fuel would be dumped in the city in the 24 hours ending at noon tomorrow.

The concentration on delivery of coal was ordered as a demonstration on the anniversary of the United States air force.

The one-day haul will be distributed at once to all families in western Berlin with two or more small children.

Meanwhile, the western allies tightened their counter-blockade of the Russian zone, plugging border holes through which some embargoed cargoes have been seeping.

District police at Helmstedt, major control point between the British and Soviet zones, were increased by 100. Guards were reinforced at border points through the combined Anglo-American zones.

The counter-blockade, shutting off badly needed Ruhr coal and steel to the Soviet zone, was clamped on late in June after the Russians had cut the ground routes to Berlin.

Some Germans have proved ingenious in evading the blockade, however, and some local traffic has been resumed. The new measures were expected to stop it.

Gubernatorial Aspirant Blasts GOP In Mine Case

Carlinville, Ill., Sept. 17—(AP)—Adlai E. Stevenson, the Democratic nominee for governor, said tonight that "political flinching" has been used to delay prosecution of state officials indicted for omission of duty in mine inspection.

Stevenson said in a campaign speech prepared for delivery at Carlinville that Director Robert Medill and Assistant Director Robert Weir of the State Department of mines and minerals were indicted over a year ago but they haven't been tried yet.

The indictments grew out of the Centralia mine blast in which 111 men perished in March, 1947. Stevenson continued:

"Through the most obvious sort of political flinching the trial has been moved to Wayne county. There the efforts of both Republicans and Democrats to have a date set are useless.

"They will continue to be useless so long as the possibility of an open trial is a danger to Green's campaign for a third term."

He referred to Gov. Dwight H. Green, his Republican opponent in the Nov. 2 election.

Midwest Utility Companies Accept Gas Curtailment

Washington, Sept. 17—(AP)—Six Midwestern utility companies were directed by the federal power commission tonight to accept a 50 per cent cut in certain gas deliveries from Panhandle Eastern Pipe Line Co.

The commission said it has been advised by Panhandle that the curtailment in deliveries will be effective Monday, Sept. 20. It will apply to interruptible loads east of the company's Glenmora pressure station in Central Illinois.

Interruptible sales are those made to companies on the basis of supplying them with gas when it is available.

The commission said that on the basis of a study of Panhandle operating date, it feels the curtailment is necessary and added it "will expect compliance."

The notice was sent to these companies: Central Indiana Gas Co., Muncie, Ind.; Illinois Power Co., Decatur, Ill.; Texas Gas Transmission Corp., Owensboro, Ky.; The Citizens Gas Fuel Co., Adrian, Mich.; the Indiana Gas and Water Co., Indianapolis; and the Kokomo Gas and Fuel Co. of Kokomo, Ind.

Political Campaign Rolls Into High Gear

By The Associated Press
The presidential campaign began yesterday (Friday) to bloom into vigor with President Truman saying he was going to give the opposition "hell" and Gov. Dewey accusing the Democrats of lying to the farmers.

Mr. Truman rolled today toward Iowa for the starter of a 100-speech campaign planned by the Democrats to harvest the votes he needs to keep him in the White House four more years. It was, in the president's own words, a "Give 'em Hell" campaign.

The President speaks in Iowa this afternoon; Gov. Dewey will be in the same rich farm state Monday for a formal opener of the Republican presidential campaign.

But in advance of that, Dewey at Albany yesterday accused the Truman administration of "an intentional fabrication designed to deceive the producers of food in our country."

Secretary of Agriculture Brannan, in Mr. Truman's cabinet, had accused the Republicans of trying to wreck the government's food price supports. These are guarantees to farmers that the price of their pro-

ducts shall not fall below stipulated levels. Brannan's statement, which had Mr. Truman's endorsement, was a reply to Republican Harold Stassen's complaint that the administration was trying to keep food prices from adjusting downward.

Dewey conferred yesterday with Rep. Hope (R-Kans.) and Senator Aiken (R-Vt.), chairman and acting chairman, respectively, of the house and Senate agriculture committees.

Afterward, the GOP presidential nominee, told a news conference that the administration accusations were "created out of thin air, out of the whole cloth."

Actually, said Dewey, he believes "a firm program of price supports at reasonable levels will benefit both producers and consumers." He said he subscribes to the principles of the price support program passed by Congress last July.

Dewey also welcomed the newly announced support of the GOP ticket by the Houston Chronicle, published by Jesse H. Jones, long a prominent figure in the Roosevelt administration. A Chronicle editorial yesterday urged the youth to vote Republican this year.

Senator Ferguson Advises Red Clean-up In America

Washington, Sept. 17—(AP)—Senator Homer Ferguson suggested today that Attorney General Clark immediately seek indictments against known communists "both in and out of government."

The Michigan Republican added: "I am quite sure the incoming administration will be only too willing to follow through on any cases which may be initiated before it assumes office."

Ferguson's suggestion, sent to Clark in a letter dated from Detroit, coincided with reports that the justice department is on the point of seeking indictments against a number of former government employees with alleged communist connections.

Alex H. Campbell, assistant attorney general, would neither confirm nor deny reports that grand juries are to be summoned soon in various cities to hear evidence in the alleged communist cases.

Campbell did say, however, that "an investigation has been going on for months and is continuing."

Ferguson told Clark the justice department has sufficient evidence in its files to seek indictments at least in Denver, Salt Lake City, Dallas, Los Angeles, San Francisco and Washington, D. C. He said he wanted to "underscore" Washington.

Ferguson's letter to Clark capped a series of developments today:

1. A House un-American activities committee headed by Chairman J. Parnell Thomas (R-N.J.) called on President Truman to release an FBI report which the subcommittee said traced the association of Dr. Edward U. Condon, Bureau of Standards director, with "alleged communist espionage agents."

2. The White House made public a letter from President Truman to eight scientists declaring that while the nation must protect itself against espionage and untrustworthiness in its atomic energy plants, he is determined that those safeguards shall be maintained "within the framework of our Democratic principles."

3. Thomas's committee got a secret report from a former FBI agent on his wartime operations against communists endeavoring to obtain secrets of the atomic bomb.

4. An un-American activities subcommittee was authorized to question Mrs. Oksana S. Kasenkina, the Russian schoolteacher who leaped from a Soviet consulate window in New York. She will be questioned in New York next Wednesday.

Ferguson, who heads a Senate investigating subcommittee, told Clark that among those who should be indicted are persons who have been dismissed from government positions as a result of loyalty investigations.

His action was taken on a petition by nine Springfield residents asking an investigation of "alleged widespread violations" of gambling and vice laws. A banker, a minister and a school principal were among the petitioners.

Judge Crow said that "public interest requires a grand jury investigation of charges of violation of public laws relating to gambling, and investigation of charges of violation by officials or other persons of other criminal laws of this state."

One gambling investigation in Springfield already is in progress. It is being directed by Oliver H. Bovik of Chicago, a special assistant appointed by attorney general George F. Barrett.

Judge Crow denied the petitioners' request that a special prosecutor be named to handle the grand jury inquiry. He said if the grand jury "finds the need of a special prosecutor it may apply to the court and undoubtedly one would be appointed."

He held that State's Attorney John W. Curran was not disqualified from directing the investigation. The petitioners had asked for a special prosecutor on grounds that Curran would be called as a witness by the grand jury.

San Francisco, Sept. 17—(AP)—Harry Bridges' CIO Longshore union said today the loading of strike-impeded army cargo with union men would begin tomorrow morning under a contract between the army and a Seattle stevedoring firm.

The army, however, said it "knows nothing" about any such agreement. A union announcement identified the stevedoring firm as Griffiths and Sprague of Seattle. It said work conditions would be the same as obtained before the strike began 16 days ago.

The announcement said Griffiths and Sprague had reached an agreement with the union prior to the strike. Although this pact provided for a 15-cent an hour pay increase, the union said it had decided to waive the increase for handling army cargoes for the duration of the strike.

Secretary of the Army Kenneth Royall had threatened to use troops if necessary to move the strike-bound cargoes to their Far East destinations.

Minna Everleigh Of Chicago Night Life Fame Dies

New York, Sept. 17—(AP)—Minna Everleigh, 70, co-owner with her sister, Ada, of Chicago's famous Everleigh club at the turn of the century, died yesterday.

She had been living here under an assumed name for more than 35 years.

The glittering "Palace of Pleasure," closed during a reform raid in 1911, drew its patronage from wealthy play blades, from cattle barons, actors and royalty.

It was known for its floor shows, string music, fashionably gowned girls and its \$100 "minimum" evening charge. Payment usually was by check—for cash was considered vulgar.

Miss Everleigh and her sister, members of a prominent Virginia family, lived here circumspectly and inconspicuously. Their main diversions were theater-going and writing poetry.

After the club was closed down, the sisters confided to friends that they had made a million dollars and were planning to spend the rest of their lives as anonymously as possible.

Miss Ada Everleigh, two years older than her sister and her constant companion, recently suffered a broken leg. She is confined to her home here.

ILLINOIS LADY, DAUGHTER KILLED
Farmersville, Ill., Sept. 17—(AP)—Mrs. Rosa Hall, 47, of Litchfield, and her daughter, Rosemary, 19, were injured fatally today in a car-truck collision on U.S. Highway 66 one-half mile north, Richard Foster, 36, of East Alton, Ill., driver of the truck, was uninjured.

Order Grand Jury Probe Of Vice In Springfield

Springfield, Ill., Sept. 17—(AP)—An investigation of Sangamon county gambling conditions by the regular grand jury convening Oct. 11 was ordered today by Circuit Judge Dewitt Crow.

His action was taken on a petition by nine Springfield residents asking an investigation of "alleged widespread violations" of gambling and vice laws. A banker, a minister and a school principal were among the petitioners.

Judge Crow said that "public interest requires a grand jury investigation of charges of violation of public laws relating to gambling, and investigation of charges of violation by officials or other persons of other criminal laws of this state."

Railroad Wage Talks Collapse; Strike Vote Pends

Chicago, Sept. 17—(AP)—Wage talks between the railroads and their 1,000,000 non-operating workers collapsed today and a union spokesman said, "we are taking immediate steps for a strike vote."

Under the dispute-settling provisions of the National Railway Labor Act, either side can ask the national (railway) mediation board to intervene.

However, G. E. Leighty, chairman of the labor conference committee, said: "We have not and will not ask for the services of the national mediation board. We are spreading a strike vote among the workers immediately."

A spokesman for the employers said his group has not yet asked the mediation board to inject itself into the dispute. Asked if such a step is expected, he said he thinks that is the plan.

The railroad labor act provides for both mediation and intervention by a presidential fact-finding board before a strike can legally be called. The mediation board can intervene at the request of either side.

Count Bernadotte Slain In Jerusalem

Sentence Ex-Convict, Slayer Of Six, To Die

Mansfield, Ohio, Sept. 17—(AP)—A 24-year-old former convict, accused of killing six persons in a 14-day crime orgy, must die in the electric chair Jan. 3.

Robert Muri Daniels of Columbus received the death sentence from a three-judge Richland county common pleas court today in shouting protest:

"If I actually remembered shooting the Nibels and seeing them fall, I'd deserve the chair," he yelled.

The three judges—G. E. Kalbfleisch, Chester Pendleton and H. E. Culbertson—agreed unanimously in pronouncing Daniels "guilty as charged" of the murders of a penal official, his wife and daughter.

Since they did not recommend mercy, the death penalty was mandatory.

Daniels was charged with the cornfield slayings of John Nibel, 50-year-old superintendent of the Mansfield reformatory farm; his wife, Noland, 52, and daughter, Phyllis, 21.

The youth and a partner in crime, John Coulter West, collaborated in a spree of crime that left three others dead in its wake. West was shot to death by police at a road-block near Van Wert, Ohio, July 23, two days after the kidnap-killing of the Nibels.

Daniels surrendered meekly at the time of West's attempt to shoot it out.

Daniels also was accused of the slayings of Earl G. Ambrose of Columbus, a tavern keeper; James Smith, 25-year-old Tiffin, Ohio, farmer and Orville Taylor of Niles, Mich., an auto-haulaway truck driver.

The dapper Daniels pleaded innocent to the triple Nibel slaying by reason of insanity.

Liquor Commission Supports Illinois Fair Trade Act

Chicago, Sept. 17—(AP)—The Illinois liquor control commission said today that the State's mandatory Fair Trade Act, which regulates liquor prices, "is in full force and effect" despite a circuit court opinion that it is unconstitutional.

"Violators are warned that the commission will act vigorously to enforce the provisions of the law," said Charles J. Fleck, commission chairman.

"Until the final judicial word has been said, there is no change in the situation."

His statement, prompted by what he termed "a situation of uncertainty and confusion," appeared today to stop any retail price-slashing wars resulting from the court ruling.

PRINCESS ELIZABETH WILL HAVE BABY IN NOVEMBER
London, Sept. 17—(AP)—Princess Elizabeth will have her first baby in Buckingham Palace about the middle of November, it was learned authoritatively tonight.

The date came as a surprise. Most guesses had been that the child would be born sometime in October. The princess made her last appearance June 28.

SENATOR VEST'S TRIBUTE TO A DOG

(Editor's Note: Many newspapers print each year what might be called "repeaters." They consider certain articles or pictures so worthy of reproduction that their readers would be surprised if a year rolled by without them. The Chicago Tribune has been going to press with McCutcheon's "Injun Summer" for a number of years. Little Virginia Hanlon's letter to Santa Claus, and the masterpiece she received in reply, have been dusted off and reprinted by hundreds of papers. We have a favorite among reprints which stand the test of time. It is an eloquent tribute to a dog, delivered in a Missouri justice court during the trial of a man who had shot a neighbor's fox hound. Senator Vest, attorney for the plaintiff, asked \$200 damages, but after two minutes of deliberation the jury awarded \$500.

Having learned that National Dog Week will be observed from Sept. 19 to 25, we instinctively turn to Senator Vest, as he said:)

"Gentlemen of the Jury: The best friend a man has in this world may turn against him and become his enemy. His son or daughter that he has reared with loving care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors to their faith. The money that a man has he may lose. It flies away from him, perhaps when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads. The one absolutely unselfish friend that man can have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is his dog.

"Gentlemen of the Jury, a man's dog stands by him in prosperity and in poverty, in health and in sickness. He will sleep on the cold ground, where the wintry winds blow and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer; he will lick the wounds and sores that come in encounter with the roughness of the world. He guards the sleep of his pauper master as if he were a prince. When all other friends desert, he remains. When riches take wings and reputation falls to pieces he is as constant in his love as the sun in its journey through the heavens. If fortune drives the master forth an outcast in the world, friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against danger, to fight against his enemies, and when the last scene of all comes, and death takes the master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way, there by his graveside will the noble dog be found, his head between his paws, his eyes sad but open in alert watchfulness, faithful and true even to death."

YOUR WORLD IS... ON AIR FORCE DAY, SEPTEMBER 18

Do you know how many hours closer to home the farthest point on earth has been brought—just since V-J Day? Do you realize how the difficulties of defending the United States from air attack have multiplied in the last three years? Do you know the amount of Air Power this country has today? Do you know what it needs in men and material to maintain adequate Air Power?

Every American can find out—and GET TO KNOW YOUR AIR FORCE BETTER—on Air Force Day. You'll discover there's something you can do for America's Air Power.

First, and most important, is for you to learn the facts. Literature will be available at Air Force Day exhibits at Air Force Bases, at National Guard Armories, Recruiting Stations and many other places.

If you are a young man from 17 to 34, you'll find that the Air Force offers you

splendid training and education, with the opportunity to specialize in skills that can lead to a worthwhile career in aviation. If you are 20 to 26½, single, and have had two years of college or the equivalent, the Air Force offers you the world's finest flight training as an Aviation Cadet.

If you are still in college, you can join the Air R.O.T.C. Or, as a civilian, you can join the Air National Guard. Veterans can enlist or join the Air Force Reserve.

Watch your newspapers for the schedule of Air Force Day events and make a point of attending. If that is not possible, at least stop in and pick up a copy of the special Air Force Day pamphlet, "KNOW YOUR AIR FORCE BETTER," at your U. S. Army and U. S. Air Force Recruiting Station.

U. S. ARMY AND U. S. AIR FORCE RECRUITING SERVICE

Cadillac

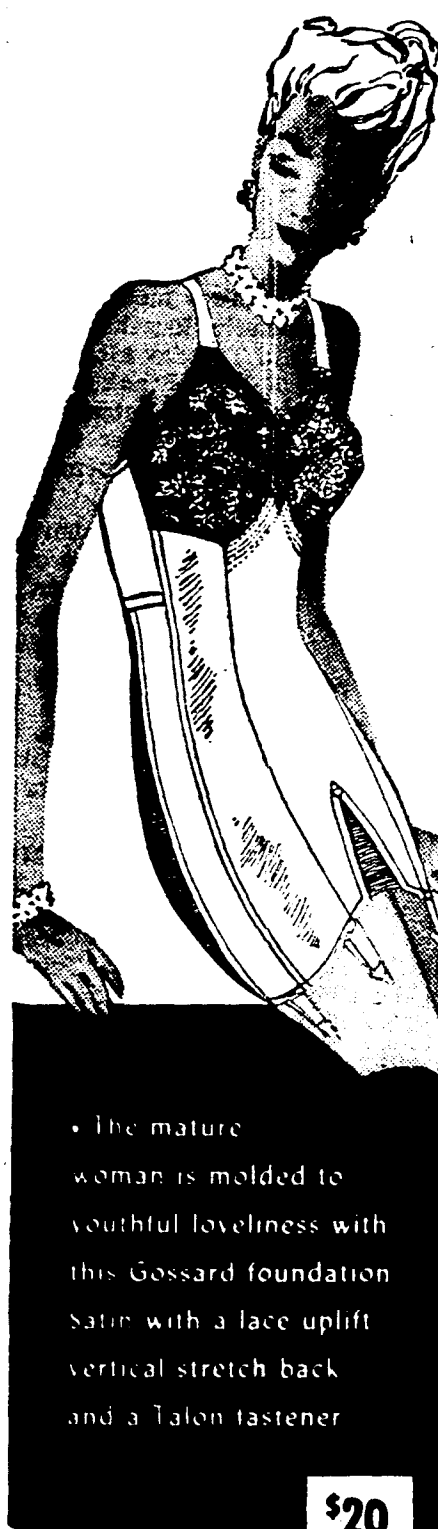

HERITAGE

Cadillac is the only name in all motordom which has been identified exclusively with fine cars for more than 45 years. During that time many have sought a place in the fine car field—but only Cadillac has remained there continuously, year after year. This great heritage of experience has never been reflected more clearly than in the new Cadillacs you see on the streets and highways.

For these magnificent new cars stand definitely apart from all other automobiles. Today's Cadillac is distinguished, first of all, by striking originality and beauty of design—and its superb beauty is a true reflection of its inner goodness and magnificent performance. If you have not yet learned the full story of the new Cadillac, we cordially invite you to do so at our showrooms soon.

Gossard EMPORIUM

Work Of Local Artists To Highlight Exhibit

The work of more than 20 Jacksonville artists will highlight the opening exhibit of the Jacksonville Art association, which will be held at the Strawn Gallery Sept. 24 through Oct. 3.

The opening event will be followed with a series of fine exhibits featuring works by nationally-known artists. An exhibit is planned for each of the winter months, with the exception of January.

Since its organization 75 years ago, the Art association has contributed greatly to the cultural advancement of the community by bringing to Jacksonville works of art which many of the residents might not otherwise have had an opportunity to see and enjoy.

Gallery Donated In 1915
The showings are always held in the Strawn Gallery on West College avenue, which was donated to the association in 1915 by Dr. David Strawn. Over a period of years, various improvements have been made to the building, in order to make it more attractive and usable. During World War II, the gallery was turned over to the Red Cross and was used as a knitting and sewing center. Exhibits were not held during that time, due to the uncertainty of transportation and the inability to secure outstanding works.

Increased Interest Noted
Since the gallery reopened two years ago, an increased amount of interest has been noted. This increased interest corresponds to a national trend towards art, with more people than ever before utilizing their leisure time in some form of art work.

In view of this increasing interest, the association has enlarged upon its program for the coming year. Several different types of exhibits have been planned, in order to suit the varying interest of the people of this community. These include oil and water color paintings, architecture, and household articles, and exhibits of work done by

Diamond Jubilee Of Nursing Will Be Celebrated

President Truman, ex-president Herbert Hoover and Senator Arthur H. Vandenberg, heading a committee of 70 leaders in public life, have joined with the American Nurses' Association in sponsoring the Diamond Jubilee of Nursing which will be marked by celebrations throughout the country, it was announced Friday. The memory of Linda Richards, "America's first professional nurse," is to be especially honored during the Jubilee, signifying both the 75th anniversary of professional nursing in the U. S. and of Miss Richards' graduation from nursing school.

According to Pearl McIver, ANA president, who announced plans for the Jubilee, the celebrations will be marked by a Linda Richards banquet in New York City on November 16. The country's foremost nursing organization, with a membership of more than 162,000 registered professional nurses, will help "to focus public attention through the Jubilee on the extension and improvement of nursing service to all through the improvement of Schools of Nursing, economic security for all nurses, adequate licensure laws and more effective counseling and placement of both prospective students and graduate nurses," Miss McIver said.

"It is hoped that the Jubilee will also effectuate the recruitment of the 40,000 additional students for approved schools of nursing desperately needed, if professional nursing needs are to be met," Miss McIver added. She said that a coast-to-coast program of activities highlighting the history and progress of nursing to the present day, and paying tribute to the 320,000 registered professional nurses of America, will be initiated during Nursing Progress Week, November 14 to 20.

Boy Scouts Play Vigorous Role In Community Life

Edward D. Bargery, district chairman of the Honest Abe District, Boy Scouts of America, said Friday that Scouting is at present serving 30 institutions in 13 communities in Morgan County. This includes all three parts of the Boy Scout program, Cubbing, Boy Scouting, and Senior Scouts.

Scouting in Morgan county is supported by the Community Chest. The Boy Scouts of America, since its birth in 1910, has expanded throughout the country, and on December 31, 1947, including 1,584,927 boys and 557,052 volunteer adult leaders as active members with 70,600 Scout units. During these years a total of over 14 million boys and men have been active members. Scouting now reaches two boys out of every three in the United States.

The movement from the beginning has included boys of all faiths and creeds regardless of color or nationality. It is found in both cities and rural areas. All the major Protestant denominations, the Catholic Church, the Mormon Church, and the Orthodox, Conservative, and Reform Jewish bodies use Scouting as an integral part of their program.

Programs For Each Age
Scouting provides programs for boys and young men from nine years to adult citizenship. The programs and leadership are adapted to the interest of boys in each age level and are distinct, although one leads into another. The "whole Scout family" includes: Cub Scouts, age 9-11, home centered; Boy Scouts, age 12 upward, outdoor activities; Senior Scouts, age 15 upward, seamanship, aviation, exploration. Cub Scouts are organized into Packs, Boy Scouts into Troops, and Senior Scouts into Senior Units.

Since citizenship training is one of the objects of Scouting, worthwhile neighborhood and community service projects are under taken. The governments of city, state and nation call upon Scouts for im-

Crimsons Defeat Winchester 13-8 In Home Grid Opener

First Stringers Edge Seconds 12-6 Friday As Blueboys Rehearse

The Illinois college first team, with the backfield showing only occasional spurts of power, ground out a fourth-quarter touchdown Friday afternoon to defeat the second team, 12-6, in a practice tilt on the I. C. field.

For Blueboy Coaches Al Miller and Joe Brooks, the game was revealing. Several players from the second eleven indicated that they will definitely be bidding for a varsity berth before next Saturday afternoon, when I. C. travels to Scott Field for the season opener. Also, it was evident that considerable remains to be done before the hilltoppers will be ready for their first game.

No Serious Injuries
The fact that the Blueboys came out of the bruising practice session without a serious injury was encouraging. A few mishaps to key players would be disastrous. I. C. lacks depth this year more than ever before.

All of Miller's first-string backs aided in the long final drive that brought victory for the "Blues." Joe Hill showed all of his old form in pacing the firsts throughout the game. But, it appears that some help has arrived. Barney Vilk showed excellent form, although he got loose for only one long gain. Bill Gross hit through the line for valuable yards. And Bob Grove came through from the quarterback spot.

At least two second team backs showed that they'll be heard from. Art Wilson, who reported late, flashed through the Blue line on quick-opening T plays time after time during one White advance. And Dave Billings, the Danville hoopster, impressed with his running, passing and punting.

Longest Gallop
It was Billings who set up the lone White touchdown. Pulling a Blue pass out of the air near his own goal-line, Billings started a dash down the north sideline which nearly carried him to pay-dirt.

Fighting off several tackles, Billings moved to within the Blue ten-yard zone before he was downed.

Art Wilson scored the White touchdown on what started to be an end run. Seeing his path blocked by Blue end Don Longer, Wilson reversed and knifed back through the line to cross the pay stripe.

The first score was by the Blues in the second period. Recovering a fumble, the firsts began a steady march, paced by long runs by Hill and Gross. Hill finally carried the pigskin over from the six-yard line on an off-tackle run. Paul Latsley's attempted place-kick for extra point was blocked.

Winning Touchdown
The second Blue touchdown, the one which broke a 6-6 tie, came on a similar march. The tally was scored on the same play. A Gross pass to Longer for the extra-point was not completed.

The Whites missed their extra point when Billings passed incomplete after a five-yard penalty for backfield in motion.

Coach Miller used Hill and Vilk sparingly. Both had minor leg injuries and the mentor did not wish to risk further mishaps.

The Blue line which wasn't too much force during the first 30 minutes, came back with renewed vigor in the third and fourth chapters and showed signs of causing trouble later in the campaign.

The first quarter of the contest was an even battle, with both teams moving for good gains but failing when drawing near to the end zone. After that the first string showed its superiority, but without the sharpness which the coaches desired.

Several hundred fans enjoyed the combat.

Red Sox Beat Browns, Maintain One Game Lead

St. Louis, Sept. 17 —(P)—Two St. Louis pitchers had trouble finding the plate, and the league-leading Boston Red Sox maintained their slender margin over the second-place New York Yankees by defeating the Browns 9-3 today. Only 1,622 paid to see the important contest.

The Yankees, one game back, and the Cleveland Indians, two and one-half games off the pace, also turned in victories in the torrid American league pennant chase.

Sterling defensive play by his mates that produced five double plays helped Joe Dobson out of several tight spots. He scattered seven hits and walked six in going the rounds.

Bobby Doerr handled ten chances flawlessly, running his record-breaking number of consecutive chances handled without an error to 336.

Joe Louis "Might" Defend Crown Again

New York, Sept. 17 —(P)—Joe Louis said today he might return to the ring and defend his heavyweight title for the 26th time.

He made his announcement through the 20th Century Sporting club of Mike Jacobs, for whom he has fought throughout his title career.

Hardly had that news been announced than the tournament of Champions, Inc., first group ever to challenge Jacob's promotional dominance, said its Gus Lesnevich-Jersey Joe Walcott bout had been cancelled.

Lesnevich, it was said, suffered a broken bone in his little toe on his right foot, in a fall down the steps of the postoffice in his hometown at Cliffside, N.J., yesterday.

The veteran, one-time light-heavyweight champion, and Walcott were to have gone 15 rounds as the co-feature of a card that also included the middleweight title bout between Marcel Cerdan of France and champion Tony Zale of Gary, Ind.

The ring doubleheader is scheduled for Jersey City, N.J., next Tuesday night. Andy Niederreiter, promoter for the T. C. said the show would be held and that he was seeking a replacement for Lesnevich.

"If Joe Baksi and Ezzard Charles put up a good fight and the winner comes through good, I'll fight him," said the 34-year-old Louis today. He announced his retirement after knocking out Walcott in 11 rounds at Yankee Stadium last June.

Joe's Mother Shocked
Detroit, Sept. 17 —(P)—Mrs. Lillie Brooks Barrow, mother of heavyweight champion Joe Louis, said today she was "shocked" to learn of her son's plans to defend his title.

CHICAGO LIVESTOCK MARKET REPORT
Chicago, Sept. 17 —(P)—A week in which livestock was in the best supply since June closed today with prices generally steady on hogs and cattle. Some butcher hogs were 25 cents lower, some heavy hogs were 25 cents off, but these were the only exceptions to the steady tone in the live pork and beef categories.

Most good and choice butcher hogs sold from \$24 to \$29.75 and a top mark of \$30. Sows brought \$23.50 to \$28.25 and a top of \$28.50. Sheep showed continuing weakness. Total supplies for the week were the heaviest since April and the price on most good and choice springers dropped to \$24.50 or around 50 cents less than on Thursday. Cards Rap Dodgers 4-2, Move Into Tie For Second

Brooklyn, N.Y., Sept. 17 —(P)—The St. Louis Cardinals, aided by some spectacular outfield support, moved into a second place tie with Pittsburgh today by defeating the Brooklyn Dodgers, 4 to 2.

The Cards and Pirates are five and a half games behind the front-running Boston Braves.

Lefty Howie Pollet gave up eight hits in recording his 13th victory against six defeats.

Rex Barney worked the first seven innings for Brooklyn and was touched for all the Cardinals runs, as well as all of their seven hits. It was his 11th defeat against 14 victories.

Babe Young was the batting hero for the Redbirds, driving in a pair of runs with a homer and single.

Braves Drop Back
Boston, Sept. 17 —(P)—Boston's hustling Braves took a long step toward their first pennant in 34 years when they vanquished the persistent Pittsburgh Pirates 6-2 today behind their leading pitcher, righthander Johnny Sain, who won his 21st victory.

The victory extended the Braves' National League lead to five and a half games over the Pirates and over the St. Louis Cardinals who defeated the Brooklyn Dodgers. The Dodgers now are six games in back of the tribe.

Vander Meer, Reds Win
New York, Sept. 17 —(P)—Johnny Vander Meer hurled Cincinnati to a 5-3 victory over New York today, as the Giants fell 8½ games behind the leading Boston Braves and 2½ games behind the fourth place Brooklyn Dodgers.

Home runs turned the trick for the Reds in a three-run barrage against Sheldon Jones in the fourth. Ted Kluszewski hit his 12th homer with a man on and Red Stallcup smashed his third in the big inning.

Phillies Beat Cubs
Philadelphia, Sept. 17 —(P)—Home runs by Granny Hamner and Del Ennis swept the Philadelphia Phillies to a 6-3 victory over the Chicago Cubs today. Both circuit swats came in the fifth inning, Hamner connecting with two on and Ennis with the bases empty.

Roodhouse Eleven Defeats Waverly By 20-0 Count

Roodhouse—Lashing out in the first half with a pair of 75-yard touchdown dashes, the Roodhouse high school football team made its home opener a successful one here Friday afternoon by downing a determined Waverly aggregation, 20-0.

With the exception of the two brilliant runs, the game was played on fairly even terms.

Both teams are comparatively young and inexperienced this season. Roodhouse had three freshmen playing in the game at one time.

Roodhouse fans were given a scare when Lawrence Ballard, a member of the 1947 Chicago Daily News all-state third team, was injured. He missed competition after the first two quarters, but a check following the tilt revealed that his shoulder injury was not serious.

It was Ballard who got the Redbirds off on the right foot. His 75-yard gallop came in the initial stanza and was followed by a running play for the extra point.

Hal Benner, an end, brought the home-town throng to its feet in the second stanza when he grabbed a Waverly pass out of the air and went 75 yards to the goal line. Harold Garner lugged the ball over for the extra point.

The last Roodhouse touchdown came in the fourth period, when Best went over from the three to climax a long drive.

The Scotties threatened several times. Their big chance came in the fourth following a long runback of a punt. A fumble stopped the drive within the shadow of the goal posts, however.

Accidents that cripple or kill occur on the average once every four minutes in U. S. factories.

Wildcats Make Strong Bid On Passes; JHS Line Swings Balance

Jacksonville and Winchester, both showing their inexperience all the way, battled through four action-filled quarters at the J.H.S. athletic field Friday night. The Crimsons emerged on top of a 13-8 count to chalk up their first victory in two starts.

Coach Bob Kraushaar's outfit had to ward off defeat in the final minutes to take the decision. The Wildcats, striking with the same deadliness as in the late seconds of the second chapter, passed at will and drove to the Jacksonville 35-yard line before the game ended.

A Line Victory
Jacksonville's line can chalk this victory up in their ledgers. The visitors' passing, short quick tosses, had the backfield completely baffled. It was only when the Crimsons' Billy Stuart that J.H.S. was able to halt the march.

It was a lineman who scored the winning touchdown. The Crimsons trailed 8-6 at intermission after passes carried the Scott county gang to the goal line in the final second. Early in the third stanza Winchester attempted a punt from their own 30-yard line. Richard Gotschall, J.H.S. defensive left tackle, broke through the Wildcat forward wall with about three other Crimsons.

linemen, blocked the kick and picked it up and ran to pay dirt before the crowd had sensed what was taking place. Stan Spotts scored the extra point on a run around right end to complete the scoring.

No Easy Victory
The victory for Jacksonville was no easy one. The hosts had to come from behind to gain the decision over the Winchester outfit which was playing its first contest.

Coach Howard Lester's aggregation counted two points almost with the first whistle. After receiving the kick, the Crimsons fumbled on their third play from scrimmage. The pigskin rolled into the end zone and when the resulting pileup was untangled, a Crimson player rested squarely on the ball. Smarting from the setback and trailing by two points, J.H.S. kicked from its 20.

From that point on in the first quarter neither team displayed even a semblance of an offense. There were no first downs in the initial stanza and both Winchester and Jacksonville relied on punting to keep out of trouble.

Touchdown Drive
Jacksonville took over on the last play of the first period and started a touchdown drive from the Crimsons' 37. Three straight first downs, rolled up on steady running by Whitacre, Spotts and Runkel, brought J.H.S. to the 10. Two runs through the right side of the line by Spotts gave the Crimsons six points. A bad pass from center ruined a try for extra point by kicking.

It was late in the second quarter that the visiting eleven found that it could pass. Stuart's chucking carried Winchester deep into J.H.S. territory before the Crimsons held and took over on their own nine.

Spotts got off a bad punt after the Crimsons had come to within one-half yard of a first-down and the ball sailed out of bounds on the Jacksonville 25.

Interference on a pass gave Winchester the ball on the Jacksonville 10. Stuart immediately heaved another one, and this time Phil Nash grabbed it and strided into the end zone as the period ended. The kick for extra point was low.

Trail At Half
Jacksonville left the field trailing 8-6, and the only tally in the last half was on the blocked punt.

Stuart was on the big gun for Winchester, just as Spotts did most of Jacksonville's ball-carrying. The Wildcat back not only lugged the

ball time and time again and passed with unusual accuracy, but he also handled the visiting team with complete confidence. Mixing his plays well, he had Jacksonville flustered several times during the engagement.

Jacksonville was on top during the greater portion of the fray. Penalties and fumbles were frequent, with the latter causing the greater part of Jacksonville's grief. Four times the Crimsons lost the ball on miscues and they narrowly missed two other occasions. Winchester recovered all three of their own fumbles. Both teams were penalized 40 yards and an additional 30 yards against J.H.S. was declined by the losers. Jacksonville declined 15 yards when violations were detected against the visitors.

Pass Defense Poor
The big weakness in Jacksonville's defense Friday night was on passing. The Crimsons' just couldn't halt Stuart's aerials. Otherwise, Coach Kraushaar's crew showed improvement. They tackled harder and their line was more vicious in its charging.

The Crimsons' offense probably didn't look as good as it did at Pittsfield. But Whitacre was on the sidelines most of the time and Johnny Walker didn't dress.

Winchester nosed out the hosts in first downs, 7-6.

Spotts' punting, as a whole, was good. One off the side of his foot was short and another failed to carry 30 yards when the J.H.S. half-back was rushed. Winchester's kicking also was good.

THE STORY: Dying in the
Arabian desert, British secret agent
Hilary Shenstone feels a desper-
ate need to get back to England
and to Nana Farthing, his family
home. He doesn't know the house
has been let and that dreamy,
17-year-old Sabrina, whom he has
never met, has adopted his re-
turn. Hilary does return to Eng-
land and to Nana Farthing—after
death. When he sees Sabrina, he
realizes she is the girl he would
have loved if he had lived. Hilary's
room is locked after George,
his brother, brings word of his
death. Sabrina broods until Mrs.
Pilton, the housekeeper, unlocks
the room again for her. Sabrina
knows then that Hilary has come
home. But Aunt Effie, beginning
to feel a strangeness in the house,
is upset when she finds out Sa-
brina is once more using the
room. "I must take her away,"
she tells Mrs. Pilton.

XXV
"I might say so," began Mrs.
Pilton, and the quiet words
were like a restraining hand on
Aunt Effie's arm, "you ought to
think twice before you try to take
Miss Sabrina right out of the
house. It might be dangerous to
interfere."
"Dangerous to—?" That left
Aunt Effie very nearly speechless.
"I didn't mind very much when
she began to make a—friend of
a man she would probably never
meet," she floundered. "But now
it's as though she had—fallen
in love with some sort of—ghost!
You should have told me about
this sooner! You should have
warned me!"
"I thought the best way would
be to pretend we didn't notice
anything at all."
"But that's impossible! It can't
go on! Where would it lead to?"
"She might outgrow it. Or he
might go away. In any case, it
isn't a thing you can decide
about."
"I have already decided!" said
Aunt Effie obstinately. "We shall
leave the house at once. I shall
speak to her father. We shall take
her back to London as soon as

possible."
"I suppose you must do as you
think best," said Mrs. Pilton drily,
and turned away as though dis-
missed. "Good-night."
AUNT EFFIE marched with
resolute footsteps across the
hall and tapped on her brother's
study door.
"Alan, I must speak to you."
He looked up at her over his
spectacles, his pen poised. "Yes,
Effie—what is it now?"
She came in and sat down on
the edge of the chair at the end
of the desk, facing him, her hands
pressed tight together in her lap.
"Alan—I've just had the fright
of my life. We've got to leave
this house at once. We've got to
go back to London."
In spite of his habitual pre-
occupation, something of her ur-
gency communicated itself to him.
"My dear Effie—" he began, lay-
ing his pen down.
"Alan, I'm worried about Sa-
brina. It's that room upstairs—
the one that belonged to the
brother who died. She's got into
it again. Mrs. Pilton gave her the
key!"
"Well, so long as the family
don't know—and who's to tell
them?—I can't see that it matters
much."
Aunt Effie looked at him hope-
lessly. The task of explaining to
him about the brightly lighted,
empty room where Bella wouldn't
go, and about her unnerving in-
terview with the housekeeper, was
beyond her.
Quite unexpectedly, even to
herself, Aunt Effie began to cry.
"Effie! He was thoroughly hor-
rified. 'Effie, what in the world
—I had no idea you were so upset!
Here—take my handkerchief!'"
At last Aunt Effie blew her nose,
and visibly braced herself.
"Alan, I want to go back to
Town. Just as soon as possible.
We must go. For Sabrina's sake.

Mr. Allen plans to retire on Oct. 1.

Veteran Wabash Bridge Tender Will Retire

By Wesley Hobson

Meredosia—On Oct. 1 B. E. Allen will end over 38 years of service as bridge tender on the Wabash bridge at Meredosia, having entered service there on Mar. 6, 1910. Previous to this time he had worked at various times as section laborer and pump-and-bridge tender. On Oct. 1 he is retiring on a pension under the Railroad Retirement act, and plans to make his home in Jacksonville.

He was pumper at Meredosia from 1910 to 1925 at which time he took the position formerly held by his father, S. D. Allen as foreman on the bridge.

First Bridge of Wood

During his long tenure Mr. Allen has seen numerous changes occur on the bridge. As nearly as can be ascertained the first bridge across the Illinois river at Meredosia was built in 1864. This wooden structure was replaced with steel from time to time, the present draw span being erected in 1876. The east part of the structure was demolished by a cyclone in the 80's; the western part was erected at a later date.

When Mr. Allen was a lad the Illinois in the summer became a narrow channel running between expanses of water grass. Since then it has become a part of the Lakes to Gulf Deep waterway. He has seen the river change from a thoroughfare for the queerly packets to modern towboats moving 3,000 tons to 20,000 tons up and down the river. The floating theaters that once landed with calliope and band concerts are gone as well as the packets which once supplied Meredosia and surrounding countryside with the necessities of life. They are only memories now.

Many Changes Seen

Mr. Allen has seen the transition from hand power for opening the draw to electricity; the period from 1922 to 1936 when the bridge served to carry the highway traffic across the river; from the time when an average of 2,500 trains and 300 boats per year were considered normal traffic through the bridge to the present day when the reverse is almost true; when the 500 class of Wabash engines were considered heavy power, four passenger trains each way and numerous freight trains were run until today when one local freight train and an occasional switch extra serve the territory.

Now at 69 years Mr. Allen says "I feel that I have served my time and am going to take it easy from now on."

Plant Employees Put Out Car Fire

Employees of the Purity Cleaning plant on South Sandy street sprang into action with a hand extinguisher when they saw an automobile burst into flames early Friday morning, as it was moving along the street. Their work was effective, as the fire was out when the fire department pulled up.

The car, a 1934 Ford, was driven by Harry Thomas of Virginia. The damage to the car was slight, and was due to a hole in the carburetor.

IN APPRECIATION

I wish to thank my friends, relatives and neighbors for their kindness, flowers, cards and calls during my sickness. Also Rev. Allen, Rev. Slottag and Dr. Martin.

Rotary Club Hears Plans For Revival Of County Fair

Memberships are now available in the Morgan County Agricultural Fair association, R. Karl Baker, association secretary, told members of Rotary Friday during the regular club meeting.

Speaking on the development of the new fair association and the background of the purchase of the grounds from the state in 1947, Baker stated that memberships in the group are now being sold at the Chamber of Commerce office. Membership certificates are \$100 each and each member is limited to ten shares.

The speaker pointed out that the limit of ten shares per person was designed to spread the ownership of the fairgrounds and equipment over as large a group of Morgan county citizens as possible. Baker stated that the present value of the association is \$38,000 and that by investing in the project a member becomes a shareholder in this net worth and in all future developments.

In addition to the usual county fair, which is scheduled to be revived in 1949, the grounds will be used as the exposition center of the county with shows, benefits, exhibits and celebrations among the possible uses, Secretary Baker said.
